

Code No: 55029**Set No. 1****JAWAHARLAL NEHRU TECHNOLOGICAL UNIVERSITY HYDERABAD****III B.Tech. I Sem., I Mid-Term Examinations, August – 2012****SOFTWARE ENGINEERING****Objective Exam****Name: _____ Hall Ticket No.**

						A			
--	--	--	--	--	--	---	--	--	--

Answer All Questions. All Questions Carry Equal Marks. Time: 20 Min. Marks: 10.**I Choose the correct alternative:**

1. Software means []
a) Programs b) Documents c) Data d) All
2. Software engineering is required for _____ projects []
a) Small single developer b) Large c) Both a & b d) None
3. When compared with traditional engineering disciplines the software engineering is []
a) Young b) Old c) Contemporary d) None
4. Below software engineering phase requires less skilled manpower []
a) Analysis b) Design c) Coding d) All
5. The software playing the roles of []
a) Product b) Service c) Both a & b d) None
6. Waterfall model is a []
a) Software process b) Software product c) Both a&b d) None
7. The unified process is a _____ process []
a) Iterative b) Incremental c) Both a & b d) None
8. Below is not a non-functional requirement []
a) Reliability b) Quality c) Performance d) None
9. The software requirements specification document consists of []
a) Functional requirements b) Non- functional requirements
c) Analysis models d) All
10. Below is the activity performed in software design phase []
a) Data design b) Architectural design c) Procedural design d) All

Code No: 55029**:2:****Set No. 1****II Fill in the blanks:**

11. _____sits at the technical kernel of software engineering process.
12. _____are the three abstraction mechanisms in software design.
13. For good quality of software design _____should be less among the modules.
14. _____Study decides whether or not the proposed system is worthwhile.
15. Requirements that change due to the systems environment is called _____ requirements.
16. CMMI means_____.
17. _____ process model will not have customer communication during software project development.
18. _____ process model will develop a software project in less period.
19. _____mechanism is used for requirements confirmation.
20. Privacy requirements are _____ requirements.
